- 081 524 0400
- Pretoria, Gauteng

## FIELD OF INTEREST

CIVIL ENGINEERING  
CYSECURITY  
DATA ANALYST

## SKILLS

- Good interpersonal skills
- Computer Literacy
- Team Player
- Good communication skills

## BACKGROUND

I have a goal-oriented mindset, I don't play to participate, but I aim to improve and master my craft. I am driven and Analytical who values straightforward communication and efficiency. I thrive well in independent roles, but I always look forward to collaborating and learning from others.

---

## EDUCATION

I passed my Matric as Class of 2019 with good grades in Physical sciences, Mathematics and English. I also excelled well in Engineering Graphics and Design. Following my good results, I attended University of the Witwatersrand to pursue a Bachelor of Pharmacy from 2020 till 2023, unfortunately I did not finish my degree. In 2024 I changed my career outlook and enrolled for a National Diploma in Civil Engineering at Unisa.

---

## STUDIES & WORK EXPOSURE

I volunteered as an assistant Pharmacy from 2021 till 2023. I am currently enrolled in the Power Learn Academy, a software development initiative to teach software engineering skills to thrive in the IT Industry and I'm also part of the NEMISA-GOOGLE Cybersecurity Program.
